

## WHAT IS ARTJONES?

If you're jonesing for ART, come to Gulfport's ArtJones Studio Tour! That is the origin of the name and idea behind this artist-run collective, established in 2017. ArtJones is an annual event where Gulfport's professional arts community works together to open their studios to visitors and artist guests for one weekend. This year we have 22 artists in 8 studios and galleries. Eight of the 22 artists are new to the tour and new to YOU!

Each year, with the support of our sponsors Enroy Foundation and Kathy & Peter Forde, ArtJones champions artists in need. This year we are thrilled to welcome emerging artist Daphna Bowman and esteemed painter Jack Providenti into our fold. We are grateful to the Enroy Foundation and the Forde family for help in this regard.

ArtJones: Gulfport's Artist Studio Tour is an invitational event occurring annually during the first weekend of December.

We hope you enjoy ArtJones, 2024!

Be sure to look for the ArtJones signs marking each studio location.
