

## OUTDOOR STUDIO TOUR & SALE

...welcomes arts-lovers from across the region to Gulfport once a year to celebrate local professional artists and the diverse creative community they represent. Unlike previous years, artists will be set up outside along our scenic downtown streets - not only showing their work but also demonstrating the creative process.

The map inside conveniently leads visitors along the walkable trail of exhibiting artists - each stop just steps from the other - while adhering to all social distancing and safety protocols. We ask visitors to please do the same when entering an artist's space.

Come experience, shop, dine and be inspired by all that Gulfport and our artists have to offer!
